

Paperwork

- All the forms are important and we must have them for licensing.
- White forms must be **completely** filled out top and bottom. We can only release a child to the persons that are listed on this form. Please note there is a place for allergies **if your child doesn't have any allergies you must write "none" in that area.**
- The green health form must be **completely** filled out front and back. **It has a place for a parent signature and doctor signature along with place for a doctor to initial. Please be sure that all of these are signed. I have highlighted every place for a signature.** Also, an immunization record is a must because the state must receive a copy. If you have decided not to immunize your child, you must call the Health Department to obtain the forms.
- This form must be in within 30 days of your child's start date. **If your child has had a physical within the past year, it may not be necessary for you to see your child's doctor. Please contact your doctor to see if the form may be completed without a new physical.**
- Please be sure to **read the Parent Handbook online** under Forms at www.kidscreekbc.org, before signing the Parent Endorsement form. If you need a hard copy please let me know.
- Once **all** this paperwork is complete please drop it off in an envelope to the church office in care of Kelli Smith
- Check list on the back of this form.
